## **THIS YEAR THE SCOTTISH WHOLESALE ASSOCIATION WILL BE SUPPORTING THE SOCIAL BITE CHARITY.**

Social Bite is a chain of high street sandwich shops with a successful corporate catering business. It prides itself on providing delicious fresh food, great coffee and exceptional service. However, it is different to the rest – it is not for profit. Social Bite is a social business, meaning that 100% of all profits are donated to good causes. One in four members of staff were formerly homeless. Social Bite wants to end the cycle of homelessness and believes you need three things in order to do so:

1. A home to live in
2. Structured support to deal with underlying practical, psychological and emotional issues
3. A job

Social Bite started at the end, giving people jobs – the plan now is to work backwards with the launch of the Social Bite Academy which provides full support to the homeless and vulnerable people on the programme. It is also fundraising for the Social Bite Village, which when up and running will create a safe and supportive living environment for up to 20 people to live in for around 12 - 15 months before moving onto permanent accommodation.
